AMENDMENT

In reply to the Office Action dated June 21, 2000, please amend the application  
as follows:

IN THE CLAIMS:

Please amend claims 1-4, 9-12, and 14, and add new claim 19 as follows:

1. A system for displaying a real-time image of a user, comprising:  
an image projection device in a fixed position relative to the user's eyes; [and]  
a video control system coupled to the projection device and causing the image  
projection device to display instructional information and a real-time representation of  
the user, wherein the instructional information is transmitted from one of a local or  
remote location, and is overlaid on the real-time representation of the user; and
